

**IE SERIES  
12V SEED & FERTILISER SPREADER**

**12 MONTH  
WARRANTY**

**70L, 100L OR 180L MODELS**

**SEED OR  
FERTILISER**

# IE SPREADER

The **IRIS IE** 12 volt spreaders are the ideal **seed or fertiliser** broadcaster for small applications or where a PTO is not available.

The Range from **70L-180L** allows them to be mounted from small 4 wheel bikes to large ATVs and more. The precise adjustment is ideal for **small seeds, bait and fertiliser**. A complete poly and stainless steel construction ensures the longevity of the components in the harshest corrosive conditions.

The simple to use control box comes with 3.5m of cable which can easily be extended on request.

**MOUNT BRACKET**

**3PL MOUNT**

**ELECTRIC OR MANUAL SHUT OFF**

**SIMPLE CALIBRATION**
